**Reviewing Your Property's Market Value and Classification**

**Change in Taxable Value.** The column labeled Market or Productivity Value reflects the July 1, 2008 reappraisal value of real property or the depreciated value of personal property. The shaded column labeled Current Year Taxable Value reflects the efforts of Montana lawmakers to mitigate property tax increases on real property due to the reappraisal. Comparing the shaded columns labeled Previous Year Taxable Value and Current Year Taxable Value shows the change in taxable value of your property.

**Actual Property Taxes.** Changes in the value of your property do not necessarily affect your property tax bill. Property taxes are based on both the taxable value of the property and the mill levies established annually by local governments. Your general property taxes will be calculated by multiplying the total taxable value of your property by the current mill levy. Any special improvement districts and fees that apply to your property will be added to the general taxes. Your county treasurer will send you a property tax bill.

Please note, this notice shows your total mill levy for last year. That 2008 mill levy is used to calculate property taxes for mobile homes and, if applicable, personal property that you have not elected to attach to your real property by a lien. Later in 2009, your local government will adopt new budgets and set mill levies. Those 2009 mill levies will be used to calculate property taxes that you owe for real property and personal property that you have elected to attach to your real property by a lien.

**Livestock.** Livestock is exempt from property tax but subject to a per capita fee that is billed each November. If this notice does not reflect your livestock correctly as of February 1, 2009, please call your local Department of Revenue office.

**Mobile Homes.** If this notice lists a mobile home that you no longer own, please contact your local Department of Revenue office.

*If you have questions or concerns, please contact your local Department of Revenue office. We welcome hearing from you.*

**THIS IS NOT A TAX BILL.** For details about your property taxation values, please visit your local Department of Revenue Office or call (406) 555-1212.
